Equipment: Selection, Sourcing, and Maintenance (1 CEUs)

Cost \$35

Schedule: visit www.touchpointresourcepool.com for calendar of classes.

Presenters for the workshop will be Jeff Witt (Hockenbergs Equipment), Mike Stanard (Summit Facility and Equipment Service) and Lee Bushman (RCS Strategic-Consulting). This is a 2-hour workshop with interactive discussion, hands on, and useful handouts. You won't want to miss what the experts have to say.

Areas of discussion conversation include:

- What is approved equipment?
- Who approves equipment?
- What are ANSI and NSF and why do they matter?
- The importance of a plan when selecting equipment
- How equipment selection can impact the health of your business
- Buying new versus used; Leasing as an option
- Where to buy; Do's and don'ts when buying
- Tips on preventive maintenance and getting the most out of your equipment
